

RECRUITER **INTERVIEW**

OUR PROCESS

RECRUITER **INTERVIEW**

You'll speak with a SIG recruiter about your experience, interest in the role, technical acumen, and what you're looking for in your next opportunity.

YOU ARE HERE

TECHNICAL **INTERVIEW**

You'll be asked to speak with a team member or hiring manager to dive deeper into your skills.

FINAL ROUND **INTERVIEW:** DESIGN AND TEAM FIT

You'll have several **interviews** with team members and hiring managers, covering technical design and assessing team fit.

OFFER

We'll review your feedback and decide if we will move forward with an offer. If so, your recruiter will set up a time to discuss offer details. We are excited to have you join the team!

This **interview** is your introduction to SIG and our opportunity to learn more about you and your experience as you look to take the next step in your career. During this conversation, we'll ask questions about your education, past experiences, and projects.

We're especially interested in hearing about projects that demonstrate business impact or times you've implemented robust technical solutions. We're also looking for candidates who are passionate about technology, learning, and problem solving, so we encourage you to let that shine through! The recruiter will also give an overview of the **interview** process and answer any questions you may have about the role or SIG.

Tips for success:

- Practice talking through your resume and explaining your experiences to a friend or a peer, so you can feel comfortable and confident on **interview** day.
- When discussing a project or task, your response should include specific details such as your approach, overall results, and its significance.
- Avoid "we" statements whenever possible- we love collaboration at SIG, but we want to learn about what you worked on and your individual contributions.
- Find a quiet place for the call with minimal distractions.

INTERVIEWING FAQs

How long will it take to schedule my interview after submitting availability?

For all interviews scheduled by a recruiting coordinator, candidates are scheduled in the order their availability is received. With our high volume of interviews, it may take up to two weeks to receive a scheduled interview confirmation.

When do you finish interviewing/hiring?

We will continue to interview on a rolling basis until all roles are filled.

Are you able to expedite my interview process to accommodate competing offer deadlines?

Unfortunately, due to our high volume of candidates, we are unable to guarantee an expedited process. Please let your coordinator know about any timeline restrictions and we will do our best to accommodate you when possible.

When can I expect to hear back after my interview?

While our team does our best to get feedback as soon as possible, it may take your recruiter up to two weeks to provide an update. During this time, we're having conversations to confirm team placement for the rest of your interview process; if extending an offer, we'll finalize offer details and obtain necessary approvals.
